

Beauregard Street Multi-Use Trail Project

City of Alexandria, Virginia
January 2022

Project Location

North Beauregard Street (Fillmore Avenue to Berkeley Street)

About the Project

Purpose:

- 10'-wide shared-use path
 - North Beauregard Street between Fillmore Avenue and Berkeley Street

Goals:

- Easier to walk and bike on the West End
- Safe connections for walking or biking to:
 - West End neighborhoods
 - Northern Virginia Community College
 - Four Mile Run Trail
 - Future West End Transitway

Background:

- Recommended in the Alexandria Mobility Plan
- Supports the City's Environmental Action Plan
 - Increasing access for sustainable modes of transportation

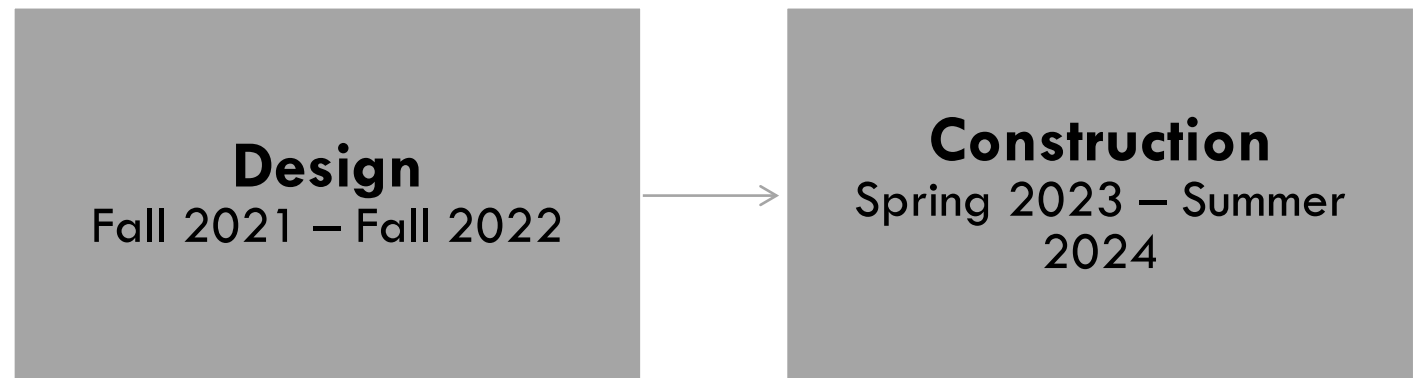

About the Project

Current Status: In Design

Funding: Federal grants administered by the Virginia Department of Transportation

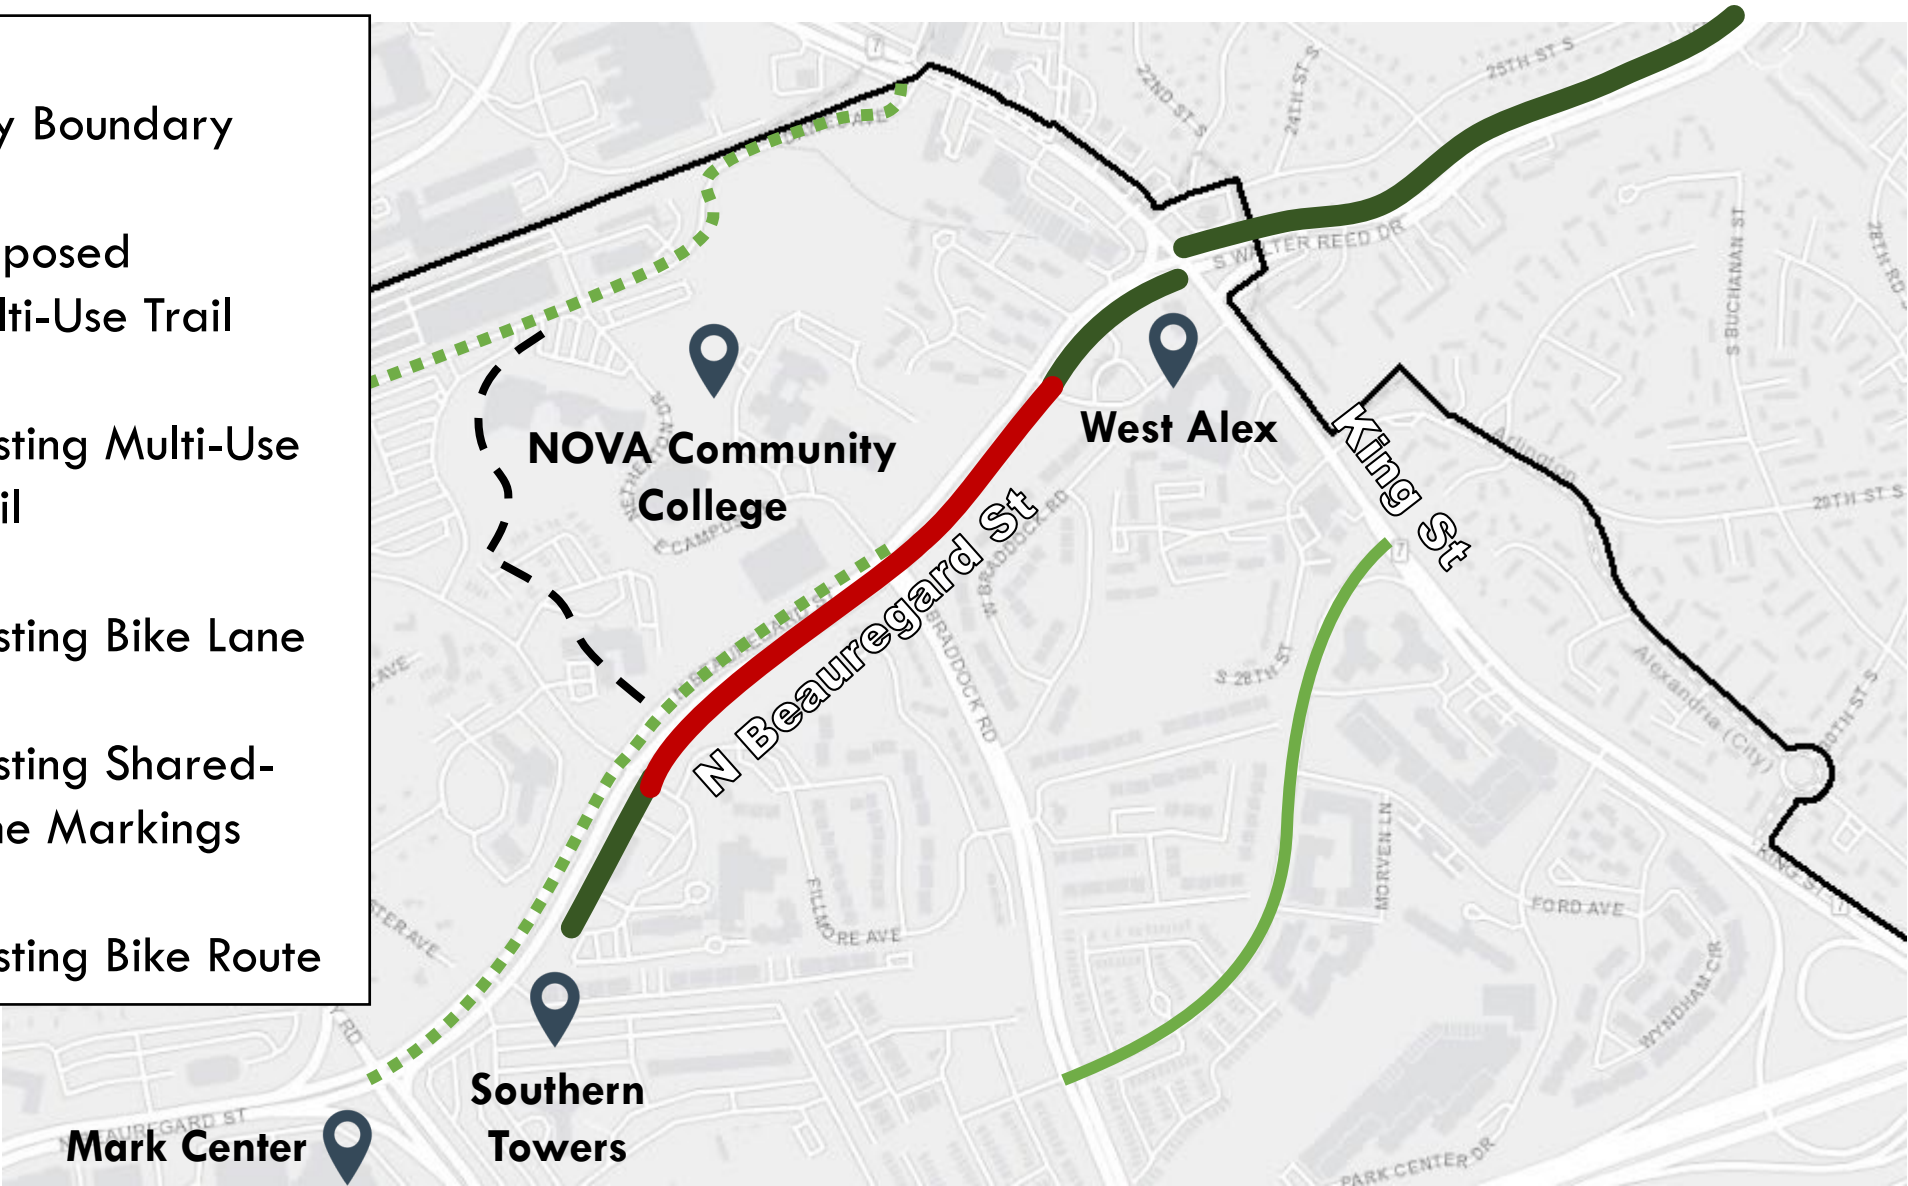

Project Timeline:

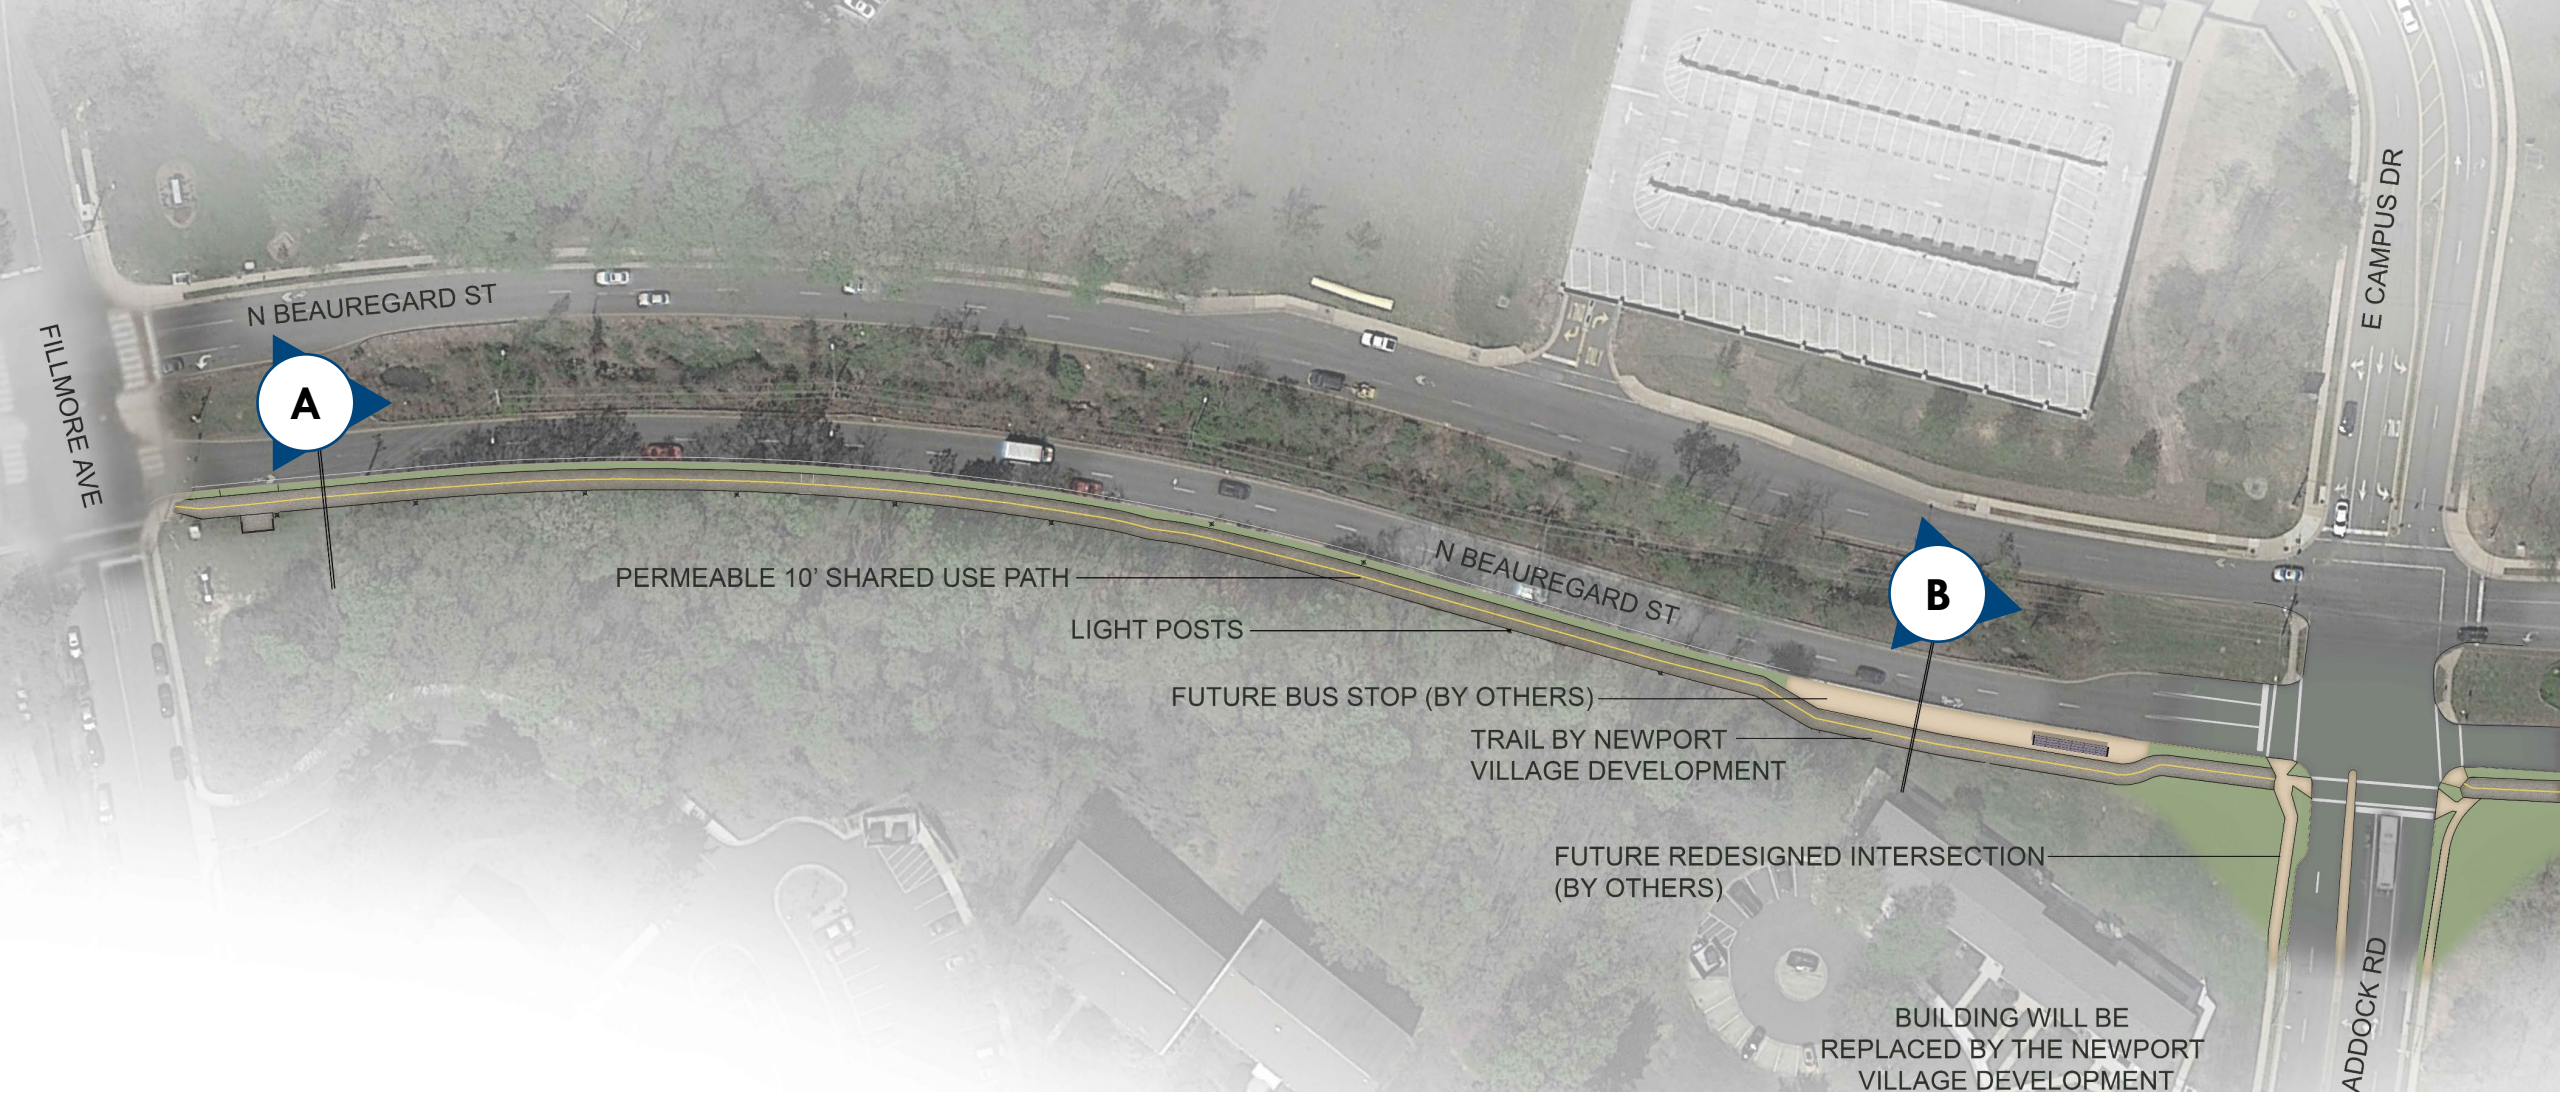

Existing Bicycle Network

Legend:

- City Boundary
- Proposed Multi-Use Trail
- Existing Multi-Use Trail
- Existing Bike Lane
- Existing Shared-Lane Markings
- Existing Bike Route

What Would the Trail Look Like?

*Location:
North Beauregard Street, looking
east toward Braddock Road*

- Narrow sidewalk replaced with 10' wide multi-use trail
- Permeable materials to protect water quality

Note: Renderings are for illustrative purposes only. The West End Transitway and property redevelopment are distinct projects to be completed separately from the Beauregard Street Multi-Use Trail.

What Would the Trail Look Like?

Location: North Beauregard Street, looking east toward Berkeley Street

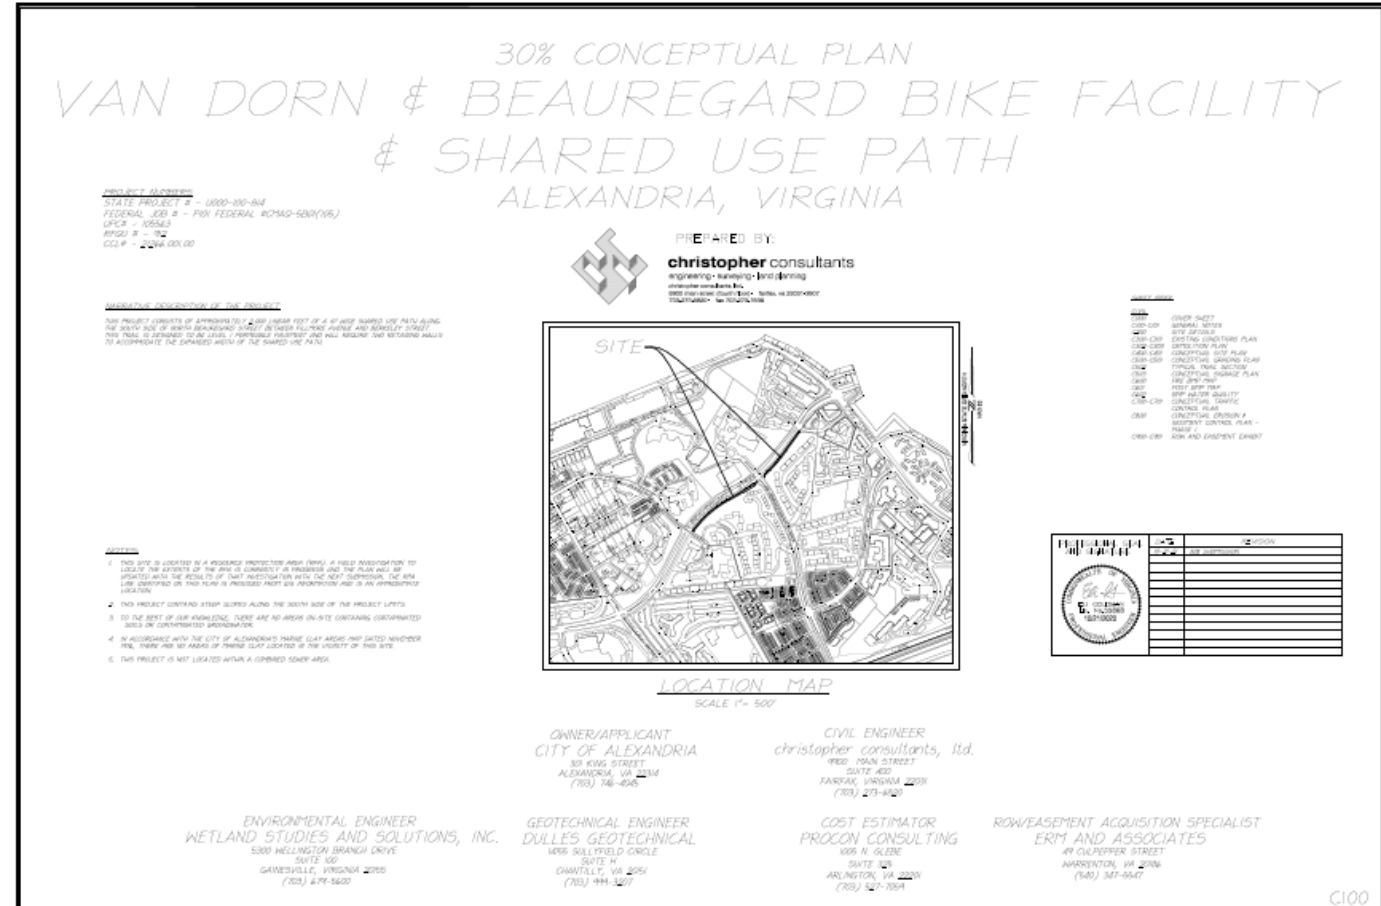

- Narrow sidewalk replaced with 10'-wide multi-use trail
- Permeable materials to protect water quality
- Retaining wall in some areas

Note: Renderings are for illustrative purposes only.
